## HANDLING THE BROOD SOW.

action. The men who have a greatest success on breeding land sows have obtained suc-

According to all of the definite evidence, and if it has proved good for them to attend to the same, we connected with their business, the man who is going to be a lawyer?

My experience teaches me that the best method of making sure of the future is to get a good start. Six months before the pigs are sold, says a successful writer here. They should be fed some fancy food, such as alfalfa, clover, timothy, lucerne, clover and some of the best food, such as wheat middlings, corn, oatmeal, roots and so on. The man who gives his sows good food, and who takes care of his own pigs is invariably the man who is good at saving by litter.

They are fed on corn and alfalfa and certain ration. There are quite certain ration to have no difficulty at farrowing time, need not wonder if they run

# WILDER FREED BADLY BURNED

Former Springfield Resident Suffered Severe Burns when Clothing Catches Fire from Match Head, Became Confused.

Wilfred Frey, formerly of this place and well known here, had a narrow escape from death last night when he was badly burned when his clothing caught fire from a match head.

The young man, who now lives in Missouri, had been in his bedroom at 10 o'clock last night. He was sitting on the edge of his bed, and he had a match in his hand.

A physician was summoned and rendered the treatment necessary to relieve the young man's pain. He was taken to the hospital, and he is now recovering from his burns.

Mr. Frey was sitting on the edge of his bed, and he had a match in his hand. He was looking at the match, and he was thinking about the future.
